

SmartBotter Options Workflow

Step by step guide of Option Flows page

1 Navigate to smartbotter.com/optionflows

2 Click Select Date text field to select any dates and click GO button. This will bring up all option flows of that selected date.

The screenshot shows the SmartBotter Options page interface. At the top, there are navigation links for Home, Stock Movers, and Swing Flows. Below these, there are buttons for 'Today', 'Day Before Yesterday', and a 'Select Date:' field containing '01/10/2023'. A 'GO' button is next to the date field. A search bar for symbols is also visible. A calendar for January 2023 is open, showing the date '10' selected. Below the calendar, there are radio buttons for 'Unusual', 'Big Money', and 'Both' (which is selected). The main table displays option flows for the selected date, with columns for Symbol, Put/Call, ExpDate, Option Price, Strike Price, and various metrics like Volume, Open Interest, Ask Size, Bid Size, and Ask. The table is filtered to show 'Both' types of options.
